Curling Club Plans Season's Schedule

A meeting of the Curling Club executive was held in the town offices last Monday evening to make plans for the coming curling season. President Jake Klein was in the chair and 10 members were present.

It was decided that a number of crests should be ordered and kept on hand for anyone who wanted them. Considerable discussion took place on the problem of condensation and dripping in the building. It appeared that this was one of the biggest problems with which the caretaker had to deal. The decision was made to have a catwalk placed from end to end on the roof. A number of ventilators are to be installed as well. Some members favored experimenting with some method of insulation on a small section of the building to see if the condensation problem could be overcome in that way.

Fees for the curling season were established at $16.00 for men and $11.00 for ladies, which is no change from the previous year.

An interesting discussion took place on how to handle the question of substitutes when players were unable to be present for a game. It was finally ruled that when a player is unable to be present, he must be responsible for securing a substitute, and the substitute chosen must be one who plays the same or a lower position on his own rink.

The membership committee is preparing for a rush of business in the next few days, as it is expected that all members will be signed up by the first of December.

Lac la Biche

The Ukrainian Greek Orthodox Ladies' Society held a most successful bazaar, tea and bake sale Nov. 21. More than $700.00 was cleared through the efforts of these ladies. Winners of the raffle were Peter Gregorowick, Craigend, a blanket; Theodore Alio, Rich Lake, a tea set; Paul Paholski, Lac la Biche, a rug.

Ed Lloyd made a hurried trip to Vernon, B.C. last Wednesday to visit his brother, J. G. Lloyd, who is seriously ill.

Townspeople are really feeling the lack of a hall since the Memorial hall is not in use. This year the schools are unable to present plays as in former years, no program is being planned, because there is no suitable place to hold it; the different church bazaars find it difficult to procure a place large enough to accommodate the crowds. It is to be hoped that the hall will again be in use before the festive season.

The regular football fans of the town motored to the city for the Wednesday night game between the Esks and the Bombers. They report a thrilling time.

John Pohrinichny moved to his spacious new home on Lake Promenade last Thursday. His sister, Mrs. Katie Kowal, arrived from Edmonton the following evening and will make her home with John and his nephew, Henry.

New Construction For Lac la Biche

A Poole Construction Co. crew is busy working on the contract to build two duplex and one single home and two double garages for the Department of Transport here, in the new subdivision in Block M. The area which only a short time ago was a brush patch, has suddenly become a beehive of activity with basements being poured and sewer and water mains being laid.

The estimated cost of the projece, not including work to be done at the airport, is $115,000.00. When completed the buildings will be a big boost to the town.

HSA ELECTS NEW OFFICERS

The November meeting of the Hylo Home and School association was held in the Hylo school Nov. 19. Election of officers for the coming term was held and the new slate is:

President, Mrs. Stanley Grandish, replacing Dick Meardi; vice-president, Mrs. Gordon McEachern, replacing Mrs. John Coli; treasurer, Joe Yurkiw, replacing William Sachko; secretary, Mrs. Bruno Meardi, remaining in the same office; and news convener, Mrs. Stanley Grandish.

Committees will be: fund raising, Dick Meardi, chairman, assisted by William Sachko, Stanley Grandish, Mrs. John Rosychuk, Mrs. C. P. Warren and Mrs. Carlo Meardi; program planning, Mrs. Gordon McEachern, chairman, assisted by Gordon McEachern, Mrs. Bruno Meardi, Mrs. William Sachko, James Marchesi, Mrs. Dick Meardi and Wally Tichonuk.

The executive and committee members of the past term were thanked for their work.

A program performed by students was presented at the end of the business meeting. The students were Mary Sachko, Lena Mahowich, Doris Inkster, Dale McEachern, Richard Sachko, Dolores Sachko, Cecile Meardi, Dianne Inkster, May Inkster and Fay McEachern.

Helene Parrento, E. Bockle Wed

LAC LA BICHE MISSION — Miss Helene Parrento and Mr. Edward Bockle of Peace River were united in marriage in a Nov. 23 ceremony at Mission church here.

A reception and supper were held by the bride's parents.

After a wedding trip to Edmonton, Mr. and Mrs. Bockle will make their home at Peace River.

AT THE ROYAL Winter Fair in Toronto, Greensleeves, prize hunter and jumper owned by Lady Gordon of Bentley gets a new set of shoes from internationally-known farrier, W. J. Hubbard, formerly of England. Watching the master craftsman are left to right, Barney Williams, Greensleeve's handler and rider, Rus Yurkiw of Radway, and Lord Rodric Gordon. Farrier Hubbard makes his own shoes for horses, a nearly lost art. He has worked on many winners of world-famous races such as the Grand National at England. At one time Mr. Hubbard was personal farrier to a French horse valued at £200,000.

ALBERTA FARM INCOMES SHOW SLIGHT INCREASE

EDMONTON — The cash income of Alberta Farmers for the first nine months of this year was slightly higher than for the same period in 1956, the provincial agriculture department reported Thursday.

EDMONTON — The cash income of Alberta farmers for the first nine months of this year was slightly higher than for the same period in 1956, the provincial agriculture department reported Thursday.

An $11,000,000 decrease in the value of grain marketings was offset by a $17,000,000 increase in marketed livestock. This resulted in the slightly increased cash income.

Farmers earned $275,123,000 to the end of this September. In the same period last year, cash income was $267,836,000.

Wheat marketings were $18,000,000 below last year, but the agriculture department said in its quarterly review of business conditions that federal cash advances on farm-stored wheat will "undoubtedly release additional purchasing power" by the year's end.

Returns from rye marketings were $2,700,000 lower than in 1956, but flaxseed rose $6,000,000 and barley $2,100,000.

Biggest gain was a $9,000,000 increase in cattle and calf marketings. Higher hog prices accounted for an $8,000,000 jump there. Sales of butterfat for creamery butter rose by $1,000,000 and fluid milk sales by $500,000.

Egg marketing income dropped but poultry marketings rose slightly.

WI Makes Final Plans For Christmas Party

LAC LA BICHE—The regular monthly meeting of the Women's Institute was held at the home of Mrs. E. J. Woynarowiwch, Nov. 19 with 19 ladies present.

The children's annual Christmas party, to be held from 7 to 9, Dec. 17, in the Dr. Swift School was discussed and plans finalized.

The library report was given by Mrs. McMillan, and several phases of the project were discussed. Since the library was started with only a few books some ten years ago, it has gradually grown until now it contains some 2,400 volumes. Three or four ladies are kept busy Friday afternoons when the library is open to the public. It has recently been moved to larger and more comfortable quarters in the town hall, making it much easier for the ladies to carry on. The general opinion of the meeting was that the library, started as a small venture by the W.I., has now reached such proportions as to make it too large a project for the ladies to operate on a voluntary basis.

The annual meeting and election of officers was set for December 3 at the Dr. Swift School. All members are asked to attend this meeting which will be followed by the usual supper down town.

Following the business part of the meeting, Mrs. R. Greene gave an interesting talk on "Education". Having taught in both small and large schools in Ontario, Mrs. Greene was able to describe the different methods used in the schools in the east. The speaker stressed the need for the parents resuming the responsibility of the training of the child in religion and morals, instead of expecting the teacher to teach, "The whole child". Mrs. Greene also mentioned the need for better relations within the home, in co-operation, companionship and family projects shared and enjoyed by all members of the family, as a happy family life makes for happy, well adjusted children.

At the conclusion of the evening lunch was served by the hostess, assisted by Mrs. Greene.

Wins Scholarship

GRASSLAND—The Atmore Service Garage scholarship of $50.00 was reecntly won by Miss Natlia Medwid of Grassland. This scholarship is awarded annually to a grade 12 student showing outstanding ability, and who is interested in continuing his or her studies.

Cye Lavallee and Eddy Bellerose made a trip to Edmonton last week.

Thomas Jackson of Goodfish Lake visited his daughter, Mrs. Robin Thompson over the weekend.

The young lady eyed her escort with extreme disapproval.
"That's the fourth time you've gone back for more punch, Albert," she said coldly. "Doesn't it embarass you at all?"
"Why should it?" the young man shrugged. "I keep telling them I'm getting it for you."

Mrs. Mather was going away after a long visit.
"Do you remember what time my train leaves tomorrow?" she asked her son-in-law.
"Sixteen hours, seventeen minutes, and thirty seconds from now, dear Mama."

Dentist: "I'm sorry, but I'm all out of gas."
Girl in Chair: "Ye Gods! Do dentists pull that old stuff, too?"

Tourist: "Good river for fish?"
Fisherman: "It must be. I can't persuade any to come out."

"How did Oscar lose the fingers on his right hand?"
"Put them in the horse's mouth to see how many teeth he had."
"And then what happened?"
"The horse closed his mouth to see how many fingers Oscar had.

"How far is it to the next filling station?" the driver asked a farmer.
'Nigh onto two miles as the crow flies.'
"Well, how far is it if the damned crow has to walk and roil a flat tire?"

Little moron's wife sent him downtown for a bucket of ice. He came back with a pail of water. "I got this for half price because it was melted."

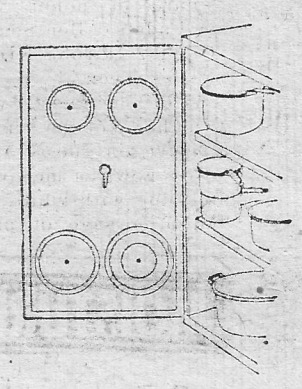
Lids on Cabinet Door

ROUND-KNOBBED lids of cooking utensils may be neatly stored inside a cabinet door where they will be both accessible and occupying otherwise waste space. Here are directions for making this handy storage unit:

Measure the door and obtain a piece of Masonite ⅛" Tempered Presdwood which covers the interior or excepting for one-half inch on all sides. If the door is paneled, there will be room between the cabinet door and the Presdwood for the knobs to fit into openings the shape of large keyholes. If the interior is one plane from one side to another, it will be necessary to install a strip of lumber about one inch thick as a perimeter.



Lay out the round-knobbed lids on the Presdwood so that their positions may be marked. With a bit and brace, bore holes about one-quarter inch larger than the knobs. Underneath each, with a keyhole saw, complete the oversized keyhole, forming a slot into which the neck of the knob will fit. The final step is to fasten the panel to the interior of the door with finishing nails. The panel may be left unfinished or painted.

Sarrail

Mr. and Mrs. Anton Hewko, Mrs. Anna Hewko and Harry Hewko attended a christening party at the home of Mr. and Mrs. Roman Humeny.

A housewarming party was held for Mr. and Mrs. J. Shyian and many residents attended.

Lorraine Woychuk, Ronald Lloyd Married In Double-Ring Rites

The United Church, Lac la Biche, was the scene of a colorful wedding, Oct. 26 at 2:30 p.m. when Miss Lorraine Woychuk, youngest daughter of Mr. and Mrs. Fred Woychuk of Noral became the bride of Mr. Ronald Lloyd, youngest son of Mr. and Mrs. Ed Lloyd of Lac la Biche. Rev. S. Munro performed the double-ring ceremony.

Given in marriage by her father, the bride was charmingly gowned in a floor-length model of net over satin, featuring a lace bodice, round neckline and lilypoint sleeves. Her chapel veil was held in place by a queen's tiara of net and sequins. Her only jewelry was a double strand of pearls. She carried a cascade bouquet of roses and lillies-of-the-valley

Attending the bride were her cousins, Miss Jean Wasylynchuk, maid of honor, twin sisters, Betty and Shirley Wasylynchuk, all of Edmonton and Miss Betty Malerchuk of Bellis, bridesmaids. The maid of honor chose an afternoon dress in winter white with black accessories and a rose corsage. The twin sisters wore identical gowns of blue net over satin in ballerina length. Miss Malerchuk chose a similarly styled gown in pink. The bridesmaids all wore flowered bandeaux in their hair and carried pink and white nosegays. Judy Wasylynchuk, also a cousin of the bride, made a dainty flower girl, dressed in a short blue satin frock with blue bandeau and nosegay of pink and white flowers and her brother Allan acted as ring brearer.

Attending the groom, who was dressed in his Sea Cadet uniform, was his brother, Mr. Jimmie Lloyd. Ushers were Mr. Metro Woychuk, brother of the bride, Mr. Leopold Langevin and Mr. E.i Yarmey.

Mrs. M. A. Left was organist for the occasion.

As the bridal party left the church, a guard of honor was formed by Sea Cadets, Allen Southwick, Bob Giblak, Harold Krawchuk and Charles Keen.

A reception for 300 guests was later held at the home of the bride's parents. To receive her guests, Mrs. Woychuk chose a gown of lace over satin in pastel blue with white accessories, and a corsage of pink roses. Mrs. Lloyd was dressed in a pastel blue wool dress with black accessories. Her corsage was also of pink roses.

The bride's table laid in white lace was centered with a three-tiered wedding cake. Rev. S. Munro proposed the toast to the bride, to which the groom responded.

Relatives and friends attended from Andrew, Kahwin, Vermilion, Edmonton, Noral, Caslan, Hylo and surrounding districtts. Mr. and Mrs. Lloyd will make their home in Lac la Biche.

Plamondon

Mr. and Mrs. Philp Plamondon, Mr. and Mrs. Bert Plamondon, Mrs. Roland Plamondon and son Jean Paul made a business trip to Edmonton.

Mr. and Mrs. Dewey Plamondon spent the weekend with their daughter Alvine.

Mr. and Mrs. Alex Plamondon were recent visitors to Edmonton.

Mr. and Mrs. Valmore Plamondon and Yvonne spent a couple of days in the city.

Television is coming in with fairly good reception. The sixth TV set has been installed in Plamondon.

FUA member canvassers are working hard to bring up their membership, and from all reports are meeting with a good response.

Miss Beryl Tiffin of Lac la Biche health unit, Miss Ivy Noonan Breynat municipal nurse, and Mrs. M. T. Piquette spent Nov. 19 at Athabasca attending the monthly health unit conference.

Mr. and Mrs. Edward Plamondon made a business trip to Edmonton, and Bill Beaudette was in charge of the Trio Cafe in their absence.

ALBERTA EDUCATIONAL SERVICES

CO-OPERATION IN SCHOOL SUPERVISION

Under the Chief Superintendent of Schools, the welfare of education is maintained by continuous co-operation with local school boards. A forward step in rural education was made by the Alberta Government when the province was organized into 52 school divisions and 7 counties, thereby permitting more modern schools and more effective teaching through the centralization of rural school districts. Close liaison is maintained with school boards through 58 provincially appointed School Superintendents, one of whom is assigned to each school division. These men are responsible for working closely with the school board, providing them with advice, and interpreting for them the educational policies of the provincial government. The Superintendent also works closely with the principals and teachers in his school Division. Direct supervision and counsel to high school teachers is regularly provided by qualified High School Inspectors who visit all classrooms in the Province from grades 10 to 12. As well, special supervisors are provided to supervise instruction in Home Economics and Industrial Arts in all schools where these courses are taught.

ALBERTA SCHOOL BROADCASTS

One of the most popular government services is the School Radio Broadcast service maintained by the Department of Education which has grown to the point where more than 50% of all classrooms, from grades one to nine, listen regularly to these informative, interesting radio programmes. Prepared under the direction of the School Broadcasts Branch, they comprise instruction on social studies, literature, current events, speech, music, and so on, based directly on the curriculum. Teacher guides are published to assist in preparing classes for each educational broadcast instruction

TEACHING BY AUDIO-VISUAL METHODS

The Provincial Government maintains an Audio-Visual Aids Branch from which films are provided to Alberta Schools free of charge at the request of the School. The library contains some 1200 carefully selected films which cover a wide range of approved curriculum topics for Alberta Schools.

THE ALBERTA SCHOOL FOR THE DEAF

Another Alberta government service in special education is the modern residential school for the deaf at Edmonton. It provides academic and semi-vocational instruction for Alberta's deaf children between the ages of five and eighteen; all costs of which are borne by the Provincial Government.

THE PROVINCIAL INSTITUTE OF TECHNOLOGY AND ART

The Institute is located at Calgary under the direction of the Department of Education and is affiliated with the University of Alberta. The purpose of the Institute is to train men and women for semi-professional positions as assistant engineers and technicians in industry. Courses are terminal and provide the necessary theoretical knowledge and skills for students to qualify, ultimately, for responsible, supervisory positions.

ABUNDANT LIFE

BY ORAL ROBERTS

WE MUST "PUT IN" TO "GET OUT"

There is a law of life. Jesus knew it and lived by it. In so doing, he drank to the full from the cup of abundance of life.

This law is the same that exists in all of nature—the law of death to live. The acorn dies in the ground, but in so doing, it is reborn a huge oak. The grain of corn dies and lives again in the "full ear," the raindrop gives itself to the ocean and is drawn up to live again in the cloud.

Jesus gave his all. He gave his time, his tears, his prayers, his love, his comfort, his future. But in so doing, he lives a million times again through his followers, as well as through his resurrection.

In the abundant life of Jesus Christ, there is first the giving of the self to God. As long as we cling to our "selves" we can never know the ecstasy of being "born again." But when we give our all unreservedly to him, then he in turn gives himself to us and we become healthy and whole. Psychologists speak of the integrated personality of the healthy person. But no one can be fully integrated until the spiritual necessity is met—the wedding of the soul of man with God. This makes man complete. Without God there remains a vacuum that can never be filled. And that is what Jesus came to do, to heal us. The word salvation means healing for mind, soul, and body. It literally means "good health"—to make us whole.

The Sea of Galilee is a parable in itself. It is beautiful, clear, and healthful. Some 60 miles, as the crow flies, south of Galilee is the Dead Sea. Its waters are repugnant and nasty. Nothing lives by it or in it. But the amazing thing is that the source of the water for the Dead Sea and the Sea of Galilee is the same. It is the River Jordan. But the secret is that the Sea of Galilee does not keep its water. Just as soon as it receives, it gives out into other little streamlets and tributaries. The Dead Sea keeps all of its water and is therefore dead.

In your life, there is healthfulness, and wholeness if you learn the secret of giving. You were created not to be a collector but a dispenser of blessings.

Recently, I was introduced to a very powerful, rich man. He gave me the secret of his success. He said, "I am 76 years old, and I am worth millions of dollars, but there is one thing I have learned and learned well." I asked, "Sir, what have you learned?" He answered, "I have learned a law that almighty God put here. You must put something in, if you want to get something out." This is God's law of success and happiness. And here is God's door to Abundant Life. Give him yourself; and he will give it back to you, blest and multiplied. This is a wonderful secret!

Diana Bencharsky Married In City

BOYLE—McDougall United church in Edmonton was the setting for a pretty wedding recently when Miss Diana Bencharsky, eldest daughter of Mr. and Mrs. Nick Bencharsky of Boyle became the bride of Mr. William Cherniwchan of Willingdon.

The bride was lovely in a gown of white lace and net over satin. Her chapel veil was held in place by a beader head-piece and she carried a bouquet of red roses.

Her bridesmaids were her sister Sylvia in a gown of aqua with a pink head-piece with matching flowers, Miss Edna Homeniuk, bridesmaid in a yellow gown with matching head-piece and mauve flowers; Miss Lorraine Zilinski in a coral gown with matching head-piece and yellow flowers.

The groom's attendants were Lawrence Babiuk of Willingdon, Harold Bencharsky of Boyle and John Semeniuk of Edmonton.

Following the church service the wedding party motored to Willingdon for a reception and dance. Later the wedding party motored to Boyle for another reception and dance, which saw Boyle's hall filled to capacity.

The young couple are teachers at Willingdon and will make their new home there.

IT'S HERE NOW!

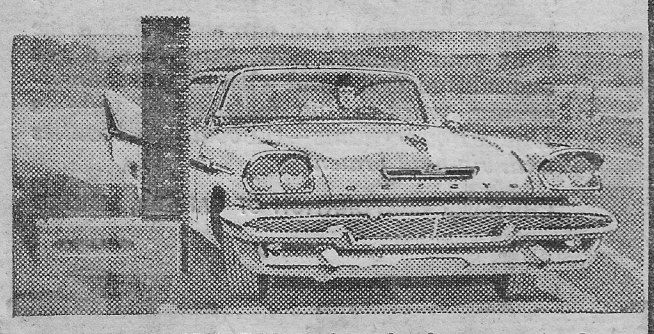
DE SOTO FOR 1958

Here's a brand-new kind of motoring magic—De Soto for 1958!

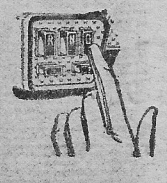
This new De Soto is the last word in quality craftsmanship and advanced engineering! For 1958, the biggest V-8 engines in De Soto history team up with the modern convenience of push-button Torque-Flite automatic drive. You "tune in" the power with a finger tip, gently nudge the throttle, and smooth, silent Torque-Flite instantly answers your command!

You'll find De Soto's *ride* just as spectacular as its response, too! It's a satin-smooth, sure-footed, road-holding ride, thanks to revolutionary Torsion-*AIRE* suspension.

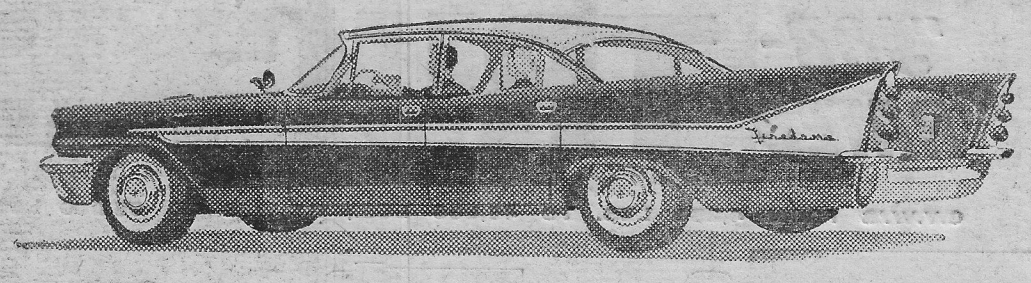
Come try a new De Soto *Firedome* or *Fireflite*—two great new series for 1958 in your choice of ten models!



Torsion-*AIRE* Ride takes the bounce out of bumps, brings you around turns without sidesway, lets you stop without "nose-dive". *Only Torsion-AIRE suspension system does all three!*



Push-button driving. Modern, all-mechanical *push-button* controls make lever-shifting obsolete! Just press a button and away you go!



See the 1958 De Soto and drive it! De Soto is designed to stay new, to keep its new-car style and spirit! • Smart, aerodynamic tail fins increase stability at highway speeds • New dual headlights spread more light over more road area for safer night driving • New optional Sure-Grip differential prevents spinning the rear wheels in sand, mud, snow, or on ice • New, luxurious interiors are roomier, give you more comfort than ever before.

FOURTEEN ALBERTA 4-H club members making the award trip to the Toronto Royal Winter Fair will represent this province there at the non-competitive National 4-H Club Week. Shown on the CNR station platform in Edmonton at departure are: Glenna Robins, Ridgeview Food Club, Blackie; Arnold Malone, Rosalind Beef Club; Rosemarie Wenger, McKinley Clothing Club, Egremont. The 4-H members were selected earlier this year through provincial eliminations at the Olds School of Agriculture. A busy round of activities is slated at Toronto for farm young people from across Canada.

Lac la Biche Mission

Marcel Routhier broke his leg in an accident which occurred while he was coming home with his horses. He was taken to Lac la Biche hospital by Roger Ladouceur, his mother Mrs. Routhier accompanying him.

Mrs. Frank Coutney and daughter Angeline of Lac la Biche were Sunday visitors of Mr. and Mrs. Lucien Bouget.

Louis Tardif and family were Sunday visitors of Mr. and Mrs. Real Richard of Plamondon.

Frank Buchnel, now in Whitecourt, recently assisted his father.

Bill Maldahoeur of Edmonton visited his mother and John Robert.

Victor Flobert of Conklin visited his son.

J. Flobert, who came to assist in the Bockle-Parrento wedding, will remain for a time with the Parrento families.

J. V. Flobert, accompanied by her son Wilfrid, visited here on her way to Edmonton.

Willie Ladouceur of St. Albert was a Sunday visitor.

No problem of life has ever been solved by dodging facts and running away from the truth.

Wandering River

A birthday party was held for Joe Hrykawich Nov. 17, to celebrate his 18th birthday. All the teens who attended had a grand time.

An average crowd attended the Wandering River Students' Union dance Nov. 15. Music was supplied by the local orchestra, consisting of Ed Sundlie, Harold Weber and Martin Bjordan.

Mrs. Nick Oshanyk is now home and feeling much better after spending the past two weeks in hospital.

Enough cash in the palm will get a soothsayer to see anything.

Highway fatalities keep increasing, but this fact won't persuade anyone that the next accident always involves new victims.

History records no fanaticism like that of the righteous.

There's Nothing Newer in the World!
FORD for '58
Now on display here.
Never before in automotive history has a new car faced such a gruelling test before its announcement . . . a 26,000-mile trip around the world. The '58 Ford conquered the steep winding passes of the Swiss Alps . . took Paris by storm . . . breezed through the Great Salt Desert of Iran . . . and swept through fabled Khyber Pass without even breathing hard. It was the most rugged test ever devised for any automobile. And now this same Ford beauty and performance can be yours in every Ford for '58. Truly ,there is nothing newer in the world.
